### C I R C U L A R - 2

Dear Members,

In our endeavor to make the Association more vibrant and proactive, we look forward for the participation of energetic and interested members in the sub-committees formed for various activities. The Directors can give direction to the organization, but it's you who can drive it. There are various sub-committees which you can be a part of and help the Association reach a new level. Remember, we are one of the most pro-active Associations of the country. Incidentally, this year also happens to be **Platinum Jubilee** of JAB.

It is our earnest appeal for all our energetic members to volunteer and become members of the sub-committees of their choice, by registering themselves with the respective committee chairmen listed below.
